

# ARU-M

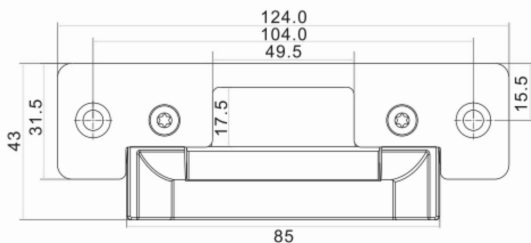

## ANSI Reversible Strike

### Range: Electric Strikes

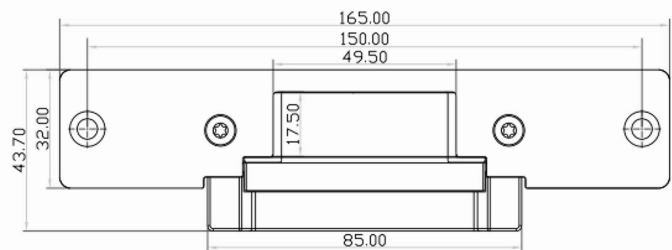

The ARU series of ANSI strikes offer fail-secure or fail-safe in one unit. Suitable for wooden or metal doors, these strikes are robust with a stainless steel jaw for added strength.

The design and high resistance to vandalism make it suitable to secure residential as well as industrial sites.

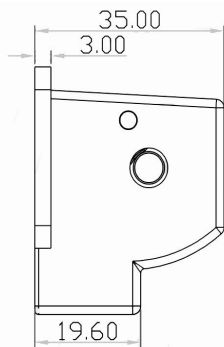

With monitoring as standard and supplied complete with long and short faceplates and a full fixing kit for metal doors, the ARU series is truly a universal strike.

ARUM C/W SHORT FACEPLATE

ARUM C/W LONG FACEPLATE
